ENROL NOW FOR KINDERGARTEN 2020

We are now accepting enrolments for Kindergarten 2020. Children who turn 5 before 31 July 2020 are eligible for enrolment in Kindergarten.

The school has an enrolment zone and the school office can advise you if you are in our enrolment zone. Applications for non-local enrolments are considered using a range of criteria, including the availability of appropriate staff and classroom accommodation. Please contact the Principal if you require further information about the procedures for non-local enrolment. Parents are encouraged to seek enrolment in their local zoned school.

If you would like to discuss readiness for school or any other matters regarding enrolling your child please make an appointment with the school office to see Mrs Kylie Mulholland who is our Assistant Principal looking after Kindergarten.

Nationally Consistent Collection of Data on School Students with Disability

Notification for Parents and Carers

All Government and non-Government schools across Australia are required to participate annually in the Nationally Consistent Collection of Data on School Students with Disability (NCCD).

All Australian schools will collate data on their students who are receiving adjustments to meet additional learning and support needs, in accordance with their obligations under the *Disability Discrimination Act 1992* and *Disability Standards for Education 2005*. This data will be provided to the Australian Government to assist in the development of a consistent, national picture of the education needs of students with disability. The data must not explicitly identify any student. General information about the national data collection can be found on the Australian Government Department of Education and Training (AGDET) [website](https://www.education.gov.au/what-nationally-consistent-collection-data-school-students-disability) at <https://www.education.gov.au/what-nationally-consistent-collection-data-school-students-disability>

Privacy Protection

The NSW Department of Education follows the requirements of the *Privacy and Personal Information Protection Act 1998* and the *Health Records and Information Privacy Act 2002*. Schools collect, record, store and use data about individual students in line with these requirements. Data security and protection is a priority and students' personal details will be kept confidential.

Clause 52 of the *Australian Education Regulation 2013 (Cth)* identifies the data NSW Department of Education must provide to AGDET for the NCCD. It includes the number of students at each year of schooling, the number in each category of disability and the number at each level of adjustment. The information is provided as a series of number sets that must not explicitly identify a student.

The AGDET follows the requirements of the Commonwealth *Privacy Act 1988* when handling any data provided in connection with the NCCD. A public information notice providing students, parents and carers with important privacy information about the data collection is available on the AGDET [website](#)

If you have any questions about the data collection please do not hesitate to contact Mrs Lisa Turner at Griffith East Public School
